About our brewery

We are a small craft brewery just four miles from the centre of Oxford on the southern slope of Shotover Hill. We produce distinctive beers using the finest English Maris Otter malted barley and whole hops added in multiple stages.

Our beers

Shotover Prospect 3.7% A striking combination of English Golding and Nelson Sauvin hops from New Zealand tops off this modest alcohol, big flavour, session bitter. Award winner at the CAMRA Oxford and Reading beer festivals. One star Great Taste Award 2017. Dry hopped.

Shotover Trinity 4.2% Grapefruit bitterness and aroma balanced with earthy flavours from the American Chinook and Willamette hops makes this session IPA a thirst quencher 2014/2015 CAMRA Champion Beer of Oxfordshire

Shotover Scholar 4.5% The roasted malts combined with the rich dark fruity flavours of Bramling Cross hops create this deep and complexed mid copper coloured traditional bitter.

Shotover Oxford Porter 5% A unique blend of seven malts provide a rich, velvety chocolate take on this classic beer style.
